**Foundation for Aalto University Science and Technology: Grants 2018-2019
for DOCTORAL STUDIES AND POSTDOCTORAL VISITS**

The grants are aimed at doctoral students or postdoctoral researchers of Aalto University's Schools of Technology (CHEM, ELEC, ENG, SCI) or Department of Architecture:

- Doctoral studies (Celebratory Gifts' Fund, Jubilee Fund, and the funds of Harri Hintikka, Matti Ilmari, Kalevi Numminen, Pentti Talonen and Paavo Uronen)
- Doctoral studies in entrepreneurship and business economics (Yrjö Uitto Foundation, 30000 eur)
- Postdoctoral visits, especially international, industry-oriented, wide-ranging cross-disciplinary basic research and research collaboration (Jubilee Fund)

The Foundation primarily supports full time studies. Undelayed advancement from a M.Sc. degree towards doctoral studies is appreciated. The grant may be awarded for one year or a shorter period. A preference is given to research visits abroad, in which case the grant may also be awarded for travelling and other related costs, however, not for daily allowances and tuition fees. Material costs are not covered. The grant may cover costs between 1 June 2018 and 31 December 2019.

The grant decisions will be made by the end of May 2018. The grant recipients will be published on the foundation's web site, with name, degree, grant amount awarded, purpose of grant, research subject area and topic of study. The application materials will not be returned.

The application consists of an electronic form

http://elec.aalto.fi/en/about/foundation_technology/forms/ **and its required attachments.** The deadline for filling in the electronic form and delivering the attachments to the Foundation office is **March 1, 2018 at 3.00 p.m.**

Additional information from the Foundation office tel. 050 400 9988, annakaija.halonen@aalto.fi (room 138, P.O. Box 14100, 00076 Aalto).
